

Registering Multiple Members:

If you need to register more than one family member for a profile on the PWSA, please follow the steps below if you do not have an email address for each member.

If you would like to use one email address for all members signing up, please follow these instructions.

To create multiple accounts with the same email address, you will need to add a plus sign (+) to the last character before the @ sign.

Below is listed familymember1, familymember2, but you can put the members name after the plus (+) sign, this is just an example.

Register 1 profile with this email address.

Your email address: pwsa@gmail.com

2nd profile: pwsa+familymember1@gmail.com

3rd profile: pwsa+familymember2@gmail.com

All emails will still be sent to the original email address.

(pwsa@gmail.com)

When waiting for the link to register, please check your spam or junk mail folder if you do not see it in your inbox.
